

TOWN OF BRIDGTON WASTEWATER TREATMENT FACILITY & SEWER COLLECTION SYSTEM PROJECT UPDATE

Status Report

JUNE 21, 2019

This memo is a status report of the Project Team's efforts on the Town of Bridgton's Wastewater Treatment Facility & Sewer Collection System Project and describes:

- Highlights of the work completed over the previous two weeks;
- Identification of the work anticipated over the next two weeks;
- Discussion of any outstanding issues that need to be addressed; and
- Schedule update.

Completed Work over the Previous Two Weeks

- Continued work on new license for proposed wastewater system;
- Continued work on procurement package for Wastewater Treatment Facility process equipment and drip dispersal system;
- Continued work on preparing separate sewer project design for Upper Main Street sewer work with potential for also including lower Main Street work for solicitation in July based on Geotech schedule; and
- Participated in interview of selected candidates for the wastewater superintendent position.

Anticipated Work over the Next Two Weeks

- Continue to check in on Plisga and Day field survey crews;
- Evaluate potential areas for location of new pump stations and see if land acquisition is required (timing dependent on receiving survey information) estimated to be July 5th;
- Contact Water District Engineer to check on progress/status of water replacement design;
- Work with Mike Harris to resubmit license for current wastewater system based on repair actions taken at Wayside;
- Finalize FOG brochure based on comments and include pictures of Bridgton;
- Finalize FOG handout based on comments; and
- Finalize FAQs based on comments.

Outstanding Issues

- Secure site for proposed WWTF

Schedule Update

- None.
