## Daily Construction Update for Wednesday, October 16, 2019

No significant updates for Wednesday.

The contractor has been installing light pole bases, fine grading and preparing to start installing the concrete sidewalks. Concrete for the new sidewalks is anticipated to begin on Friday, pending cooperative weather.

There may be brief closures of driveways as some of the driveway aprons need to be rebuilt to ADA standards but the contractor will work to ensure access is restored as quickly as possible. If any business or property owners have trouble accessing their buildings, please let us know so we can do whatever we can to address your concerns.
