Sponsor Our Sports Team!

Bridgton Baseball, Softball and Lake Region Youth Lacrosse is dedicated to offering family-oriented fun programming for children. We are committed to providing programming designed for but not limited to developing sportsmanship, balanced play for all participants, teamwork, responsibility and providing participants with the very best fun educational athletic experience possible.

Are you interested in sponsoring one of our teams? We would like to work with you this spring! With three sports in the spring season Bridgton Rec oversees an average of 15-18 teams. There really is no better way to advertise your business. Our youth loves to represent their teams' uniform. They wear their shirt or hat on the regular, EVERYWHERE!

Why not it be your business logo on their hat? Why not have an outfield sign? Did you know between the three sports there are close to 300 participants? ALL of which live in our local community. Did you know our programs travel as far as Portland, and Oxford Hills communities? Did you also know those same communities visit us for our home games? Our community has hosted numerous tournaments, and other sporting events that attract visitors from all over the state and in some cases the New England region. Your logo will be seen by hundreds of people. Plus, your investment goes directly into your selected designated sport. Every penny!

Your sponsorship, your investment, will go directly into uniform purchases, scholarships to play, and safety equipment. Your business will have exposure throughout the season and beyond. Ask some parents and they will tell you their children would wear their team shirt, jersey or hat (potentially with your logo) EVERYDAY, EVERYWHERE if they could.

Cost is all based on what you think will work best and selection of apparell! We will work with you within your budget to come up with a way to include your business in our program, and help your business logo stand out in our community and to visitors.
