

**Bridgton Public Services Department
Monthly Activity Report for January 2022**

A very big welcome home from Africa to our Public Services Director, David Madsen, after serving our country on a military deployment over the last year.

Parks Crew & Wastewater

- Mat's been working the sidewalk buggy and pushing snowbanks back
- Read and documented fuel & pump station readings, as usual
- Joe beginning to work on picnic tables that need repair, with Mat shadowing
- Reminder notices sent to all past due customers, starting to see some success there
- Started building new docks for beach at Highland Lake
- Billed out all Transfer Station and Sewer accounts, as usual
- Snow removal, multiple times
- OSHA training handouts provided to Public Works, Parks & T.S. employees. Done monthly.
- NOTE: Had some employees out with Covid for close to two weeks at the beginning of the month
- All monthly reports were done, including posting to the website pages
- All of our departments have been busily working on budgets for FY23

About Town ... Road Crew

- Plowed and sanded during snowstorms this month, multiple times
- Cleared Main Street, hauled snow and picked up piles, multiple times
- Patched holes and back-dragged, where necessary
- Assisted in taking down snowflakes and lights with Parks crew
- Took truck to Freightliner for repair work
- Parts run; cutting edges in Lewiston
- Replaced sideboards on #3
- Took part-time employee around to show him the plow routes
- Cleared snow around the Hannaford and CMP intersection, Depot, Church Street, and library
- Picked up truck in Westbrook

Lakes & Ponds ...

- Continued to document and publish the lake levels twice per month on the Public Works web page

Cemeteries ...

- Not much to report on Cemeteries this time of the year

Transfer Station ...

- Store has slowed down this month with the bitterly cold temperatures and inclement weather
- Still working on sticker sales but they have declined recently
- Continuing to monitor and make sure those vehicles entering the Transfer Station do have current stickers.

Municipal Building, Community Center, Town Hall, Town Garage, Fire Stations ...

- Joe has finished the office at the old Town Hall – sheetrock, paint, flooring, door
- Installed sink and backsplash in office
- Built insulated box for propane tank at old Town Hall to prevent freezing
- Painting has started on Community Development Admin Asst's office space while she's on vacation
