From: Fire Chief Glen Garland

The monthly report for July 2022 from the Bridgton Fire Department is as follows:

Personnel: The department is actively following up on 2 potential members that have recently moved to Bridgton.

Apparatus: We are getting very close to being able to order the mini pumper that was requested in the FY'23 budget. We are exploring the use of a nationwide buying cooperative to see if that would be beneficial to the town. Annual pump testing has been scheduled for early August

Buildings: Nothing to report

Equipment: FY'23 small equipment purchases have largely been completed.

Responses: July proved to be a busy month with almost twice the number of calls as we normally have in a month. Typically the department responds to slightly more than a call a day. In July we responded to 54 calls for the month. The monthly breakdown of calls is attached

Activities: July was not only a busy month for calls but also for other activities. The department worked in conjunction with our EMA director, police department and United Ambulance Service to write and execute our operations plan for the fireworks, road race and parade. We were able to utilize the communications trailer from Cumberland County both July 3rd and 4th, which proved very beneficial, providing a command post in a fixed location from which we were able to coordinate all agencies and operations from a central point.

Respectfully submitted,
Glen Garland, Fire Chief
