

Bridgton Recycling Committee Minutes

September 29, 2022

Attendees: Kate Fitzcharles, Sally Chappell, Donna Joss, Therese Johnson Maureen McDevitt and Maureen Harpell. Absent: Bob Mc Hatton, and Rachel Miller.

Meeting was called to order at 6:35 PM.

Minutes for the previous month's meeting were accepted as submitted.

The Fall Festival was discussed. Maureen M. worked very hard on this event. Thank you. Donna and Therese also provided some coverage. We were disappointed as the town was not prepared to offer recycling and trash options as required. Maureen went to the transfer station to bring back the needed receptacles. We were able to have some productive discussions with fait attendees. It was worth the visibility and information we provided.

Advertising: We discussed the need to work on the postcard to be sent to residents. This will include several bullet points. Bob McHatton will take the proposed product to Bob Peabody. Sally has developed six points to be included. The town will provide the mailing list. This should be sent out as soon as possible to be delivered and seen by voters.

Maureen H. will work on t our social media sites such as Facebook and website. She is also updating the power point presentation.

Kate and Therese will work together on responses to citizen's concerns. Donna will see the next Recycling Matters letter is published this week. Donna is getting copies of our fact sheet and distributing these to several places.

We decided to buy a half page with Bridgton News to make important PPB points.

Next Meeting: October 13 at 6: 15Pm
