I. APPLICATION INSTRUCTIONS

A. INTRODUCTION

The Public Infrastructure & Public Facilities program is designed to aid in the development or improvement of publicly owned assets (Town of Bridgton) or property owned by local non-profits and operated to serve primarily low or moderate income persons. The Town of Bridgton CDBG program works to foster innovation and creating programs that address the critical issues facing the Town of Bridgton. The CDBG funds should be seen as seed money for starting or expanding innovative programs. Our goal in funding a program is to help get it off the ground or successfully expand. *We strongly encourage new and innovative programs to apply for the 2023-2024 round of CDBG funding.*

B. FEDERAL HUD REGULATIONS

1. **NATIONAL OBJECTIVES:** Each project must meet one of the following National Objectives:

a. **Benefit to Low to Moderate Income (LMI) Persons**

To qualify for funding under the LMI category, the persons or households served must have income levels at or below 80% of the *area median income* (AMI) as set forth in the chart below. HUD requires stratified income data on beneficiaries. You will need to report which category beneficiaries fall into below 80% of AMI, 50% of AMI or 30% of AMI.

2022 HUD Low to Moderate Income Guidelines for Bridgton, Maine**

** New income guidelines are expected prior to grant award. All CDBG recipients will be required to update any forms used to collect beneficiary information whenever new income guidelines are made available.

Number in Household	1	2	3	4	5	6	7	8
80% of Area Median Income	\$49,200	\$56,200	\$63,250	\$70,250	\$75,900	\$81,500	\$87,150	\$92,750
50% Area Median Income	\$30,750	\$35,150	\$39,550	\$43,900	\$47,450	\$50,950	\$54,450	\$57,950
30% of Area Median Income	\$18,450	\$21,100	\$23,750	\$26,250	\$28,500	\$30,600	\$32,700	\$34,800

There are three approaches for meeting the Low to Moderate Income qualifications:

- i. *Low to Moderate Income Limited Clientele* (LMC): an activity which provides benefits to a specific group of persons of which at least 51% of the beneficiaries of the activity qualify as LMI persons earning less than 80% of the area median income as defined in the table above. To qualify each individual must establish, by means of financial information on *household size and income*, that *at least 51%* of the clientele are persons whose household income does not exceed the LMI limit.

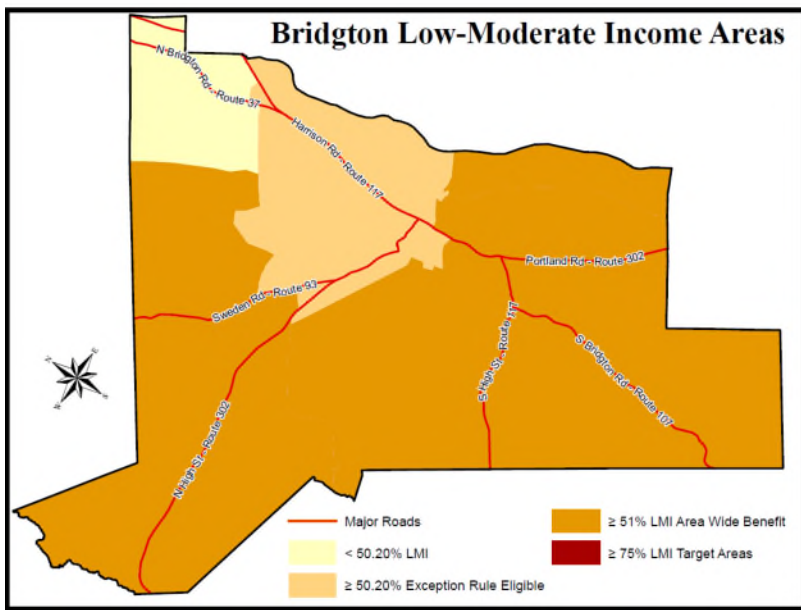

**Town of Bridgton Community Development Block Grant Public Facilities and Infrastructure Application
2023-2024**

There are certain populations that HUD presumes to be low to moderate income. For programs serving these populations income data does not need to be collected, however race and ethnicity do. Populations include: *abused children, elderly persons, battered spouses, homeless persons, severely disabled adults, illiterate adults, persons living with AIDS, and migrant farm workers.*

- ii. *Low to Moderate Income Area Benefit (LMA): an activity which is available to benefit all the residents of an area qualifying under HUD guidelines. HUD has identified neighborhoods eligible to receive CDBG funding based on income data provided by the census and American Community Survey. The eligible areas are shown on the map below and can also be found online at:*

<https://bridgtonmaine.org/community-development/>

Other service areas may be eligible on a case-by-case basis. After defining your service area, please contact the Staff to determine eligibility. The current map is based on the 2015 Census and the American Community Survey.

- iii. *Low to Moderate Income Housing (LMIH): an activity, which assists in the acquisition, construction, or improvement of permanent, residential structures benefiting LMI persons.*

b. Aid in the Prevention and Elimination of Slum or Blight

The project *must be limited to eliminating* specific instances of blight (“spot blight”). To qualify an activity must meet the following criteria:

- i. The property must exhibit physical signs of blight or decay that are detrimental to public health, safety, or welfare. *Blight or decay must be documented and submitted as part of the*

application.

- ii. The project must address one or more of the conditions which contributed to the deterioration of the property, *included in the description or scope of work.*
- iii. The project must be designed to eliminate specific conditions of blight or physical decay, such as acquisition, clearance, relocation, historic preservation or rehabilitation. *Rehabilitation is limited to the extent necessary to eliminate a specific condition detrimental to public health and safety.*

More information on meeting a National Objective can be found in the CDBG regulation handbook under [24 CFR Part 570.208 Criteria for National Objectives](#). If you have any questions, please reach out to the Bridgton Community Development office for assistance.
