

Town of Bridgton Memorials and Special Gift Donations

Bridgton offers several commemorative services to people who live in or visit Bridgton and wish to donate to a variety of ongoing improvements and beautification projects. Donations can consist of a memorial bench with an inscribed plaque, a memorial tree to be planted in Town, funding for park improvements, or other. Options available are described below.

Donation	Options
Memorial Bench	Memorial benches will feature a plaque recessed into the bench featuring your inscription (limit 24 characters per line, maximum 3 lines). The purchase of your bench includes 10 years maintenance. Bench locations may be requested but are not guaranteed. Locations are limited and at the discretion of the Public Services Director.
Plant a Tree	Trees are placed on areas maintained by the Town of Bridgton, including public land, parks, roadside, or public areas so that the Town of Bridgton may preserve the rights to maintain the memorial tree throughout its life. A variety of tree species are available to choose from; the Bridgton Public Services Department reserves the right to make the final tree selection considering factors like the desired location and future maintenance but will collaborate with the interested parties in the tree selection process. Also included with your donation is a plaque.
Park Donation	Specify Amount. This donation will be recognized at the Annual Town Meeting.
Other Donation	Please discuss with Public Services Director.

Please complete the form on the reverse side to order your memorial. Fees are set on an annual basis and available through the fee schedule. For more information, please contact the Public Services Director.

Town of Bridgton Memorials and Special Gift Donations
