Ideas and Suggestions

Plan ahead for continuing growth in Depot St area. Current Community Center building should be expanded, rehab and add on. Old school should be torn down and open space with wonderful access to Stevens Brook and trails within Pondicherry Park.

I love the beautiful gardens around downtown. They are very well designed and cared for. Love to see lots of color throughout the summer and fall and plenty of native plants too. They make a difference for people, place, and pollinators.

Improve trails, trail connectivity, and wayfinding to make Bridgton more walkable and bikeable. It would be great to have attractive, well-designed signs around town that indicate where parking is, where trails are, major landmarks etc to encourage folks to park and explore. In addition - a centrally located outdoor information kiosk with an event bulletin board would be great and benefit local businesses and organizations.
